

A 2018 audit of The Pentagon revealed \$21 trillion in missing or unaccounted for funds, obscured through two sets of ledgers and other questionable accounting practices.

The Dept. of Defense failed the 2018 audit and has not accounted for the \$21 trillion.

One trillion = 1,000 billion in US accounting dollars

## What does \$21 trillion buy?

Effectively address US infrastructure

**\$4.6 trillion**

Spending on healthcare annually

**\$3.6 trillion**
