

## YOUR PHONE: a new tool to help stop the spread of COVID-19.

WA Notify is an anonymous exposure notification tool recommended by the Washington State Department of Health to help stop the spread of COVID-19. WA Notify can alert you if you've been near another user who later tests positive for COVID. It is private, anonymous and free. Models based on three counties in Washington state show that even a small number of people using WA Notify would reduce infections and deaths. ## The Commons

The Commons is a documentary film about communities re-asserting sustainable futures using consensus, equity and shared resources – ancient Commons principles. The film explores the increasing privatization and destruction of commons, primarily in the United States, and shows how many activists are re-taking commons, re-establishing communities controlling their own commons: maker spaces, land trusts, cooperatives, local food production and distribution, shared housing, free education, community centers – all as Commoners stewarding what they share. The film is screening on Vimeo. Contact - [kevin@commonsFilm.com](mailto:kevin@commonsFilm.com).

## MAP - Mutual Aid Partners - Laundry fairies and do-ers

MAP volunteers provide essential services to people living unsheltered in the local community.

One of the biggest needs of any encampment is the availability of dry and clean clothes. Volunteers pick up laundry (Laundry Fairies) and take them to volunteers to do the laundry (Laundry Do-ers). The Fairies then pick up the clean laundry up and redistribute it to people in camps. Each Fairy has designated people and coordinates with Do-ers for location and time for dropping off and picking up.

OlyMAP can help make these connections and provides a structure to help complete this weekly task. If you're interested, check their website at [olympa.org](http://olympa.org) or OlyMAP at [admin@olympa.org](mailto:admin@olympa.org).

## Laundry Services

Laundry Services are integral to supporting the health and well-being of those living unsheltered in our community. Our Laundry Fairies pick up dirty laundry from camp residents and take them to our Laundry Do-ers, then pick up the clean clothes and bring them back to their owners. OlyMAP provides orientation for volunteers and facilitates connections between volunteers and encampment residents in need of this service.

## WEST CENTRAL PARK GROUND BREAKING NEWS

**January 10, 2021** - The fencing is up, and we're waiting for construction to start. So excited about having this new addition in our neighborhood!

Construction is scheduled to begin soon on a new open-air canopy planned to house potential summer markets hosted by the park, as well as sheltering al fresco diners during the fall and winter. The project is the result of a collaboration with our neighbor, The Park Side Café, and will be situated on the east side of the Park's gravel event area.

In keeping with our mission to maintain a walkable neighborhood and a resilient, connected community, we believe the new canopy will beautify our space and support some ideas we have in mind for next year. We are grateful for the partnership with The Parkside Café and other neighboring businesses, and for support from all of you out there in the community.

Stay tuned for updates.
